

We can provide the necessary services for whatever your needs may be, for instance:

- Residential Complex
- Commercial Building
- Shopping Centers
- Hospitals
- Schools
- Construction Sites
- Marine Security
- Parking Lots
- Government
- Transportation
- Financial Institutions

Whatever your situation requires, we will conduct and update site vulnerability assessments, develop and implement a security plan, ensuring the overall effectiveness of physical security measures and assist with compliance audits.

Preemployment screening of our officers is performed by our Investigative Agency and our legal staff.

We are dedicated to ensuring that our clients receive the best officers, trained for their specific needs.

Also available to our clients, are the services of our Investigative Department. Our investigators are licensed by the State of Florida.

We can therefore provide you with the following services:

- Preemployment Screening
- Background Checks
- Investigate Employee Misconduct
- Process Service
- Trade Secrets
- Anti-Fraud
- Electronic Counter Measures
- Computer Forensics
- Other Investigations

Contact one of our representatives listed below and we will come to your location to discuss a security plan that meets your needs.

Private Security Service is an effective way to provide a level of protection for organizations, their assets, or specific members within an organization.

Regardless of the environment, our security officers have the training and expertise necessary to deal with most types of threats, including: providing personal protection, deterring disorderly conduct, building access control, and managing crowds.

We have the resources to provide long or short term security, that would meet your needs.

## EXTENSIVE TRAINING

Our security officers receive training from our sister company, Firearms Training Academy, Inc., a State of Florida Licensed Training Facility.

They are trained by us and then licensed by the State of Florida. Beyond their State required training they are additionally certified in CPR-AED and First Aid, baton, taser, handcuffing and pepper spray.

Our specialized service officers are trained for executive protection duties, and other specialized tasks.

## SERVICES

Visibility is a powerful deterrent. By their presence alone, our uniformed patrol officers can help enhance your employees' safety and reduce the risk of vandalism or theft on your property. Our vehicle patrol officers are trained to notice anything out of the ordinary, which helps prevent problems before they begin.

Our patrol services can be tailored to your needs. Our officers are trained to support you in various ways, such as:

- Helping to promote a safe workplace environment
- Performing set or random patrol patterns
- Vehicle patrols
- Foot patrols
- Parking lot checks
- Access control
- Night watch
- Response to emergency situation
- Concierge service

Our patrol officers help deter vandalism, theft and keep trespassers off your property.
